### 2009 ^MTB World Championship - Canberra

#### Bronze medal for junior Danny HART...

« It's under pressure that Carbon becomes... » No, No, stop bla-bla-ing.

Danny Hart, leader of the MTB UCI World Cup finishes 3<sup>rd</sup> at the last World Championship

On a short, fast and easy track, Danny, under pressure, confirms that he's one of the Top rider in Junior class.

Supported by a massive « Australian and Kiwi »'s public (more than 30 000 person this weekend), the 2 other riders on the podium are used to be far from Danny in World cup...But their medals are not stolen...And pressure could modify the results.

The revenge in 15 days, at Schladming, for the final round of the UCI MTB World Cup.
