**First Victory for Danny Hart in World Cup !!!**

### UCI World Cup – Vallnord - Andorre

After a week end in UK for the last Saab Salomon Avalanche Trophy round, David Vazquez Lopez and Danny Hart was in Andorra, for the 2<sup>nd</sup> round of the UCI DH World Cup

A 1200meters' track, less than 300 meters made uneven, and a real "English" design of the track, with a lot of roots, some mud, and a lot of slidy parts...

David and Danny realise a first good run, and they knew that they could made a very good thing in the final...

Mud is present, but the sun play with cloud and some part of the track is dry: they have to choose good tires. And David chooses « dry » tires (Hutchinson Barracuda, mounting especially by Norbert Gangloff, race and RD member at Hutchinson).

Danny follow him...Everybody use Mud Tires, and Lapierre Saab Salomon riders use Barracuda...

With this help, Danny Hart realise the perfect run : he whips the big jump in the middle of the track, and also on the last jump. First Time in Junior class, Danny is also 22<sup>nd</sup> at the scratch!

A very good performance for Danny, who wants now the jersey of the world cup leader.

David is very aggressive on the middle part of the track, a little bit too aggressive: he falls down and finish 21st
